

WORK OF THE STORM.

Considerable Destruction to Property in Different Sections.

BUT ONE DEATH SO FAR REPORTED

Though a Number of Persons Were Severely Injured, One Man Being Partially Paralyzed—Storm Damage in First Reported from Iowa City

IOWA CITY, May 7.—The severest storm known for years swept over the city Saturday evening. In fifteen minutes more than \$200,000 damage was done to the buildings and contents. The damage in the country is very great. The storm came from the west, preceded by dark clouds with streaks of lightning and rattling of thunder. Almost total darkness prevailed just before the storm broke. Half past four and fast, crushing through plate glass windows, peeling roofs and blowing down chimneys. The other houses and many small windows suffered greatly.

Many stores from the city to the St. James hotel. The Republican office and State university buildings and many other prominent buildings suffered severely. Until a very short time before the storm broke the city was beautiful and the streets were crowded with people. No fatalities are reported, but many were injured by runaway teams and falling of buildings. A number of houses were blown down. In the vicinity of Cedar Grove, Ill., the wind assumed the proportions of a small cyclone. At Sheffield, Ill., the rain caused the roofs over the entrance of many mines to cave in, closing the mines and stopping work temporarily.

One Death Reported.
CHICAGO, May 7.—Reports show that Saturday's storm was more widespread than at first reported. At Fairbury and Aurora, Ill., great trees, fences and weak structures were leveled to the ground. Signs were torn down and buried through the glass fronts. Near Abbia, Ia., one woman was so badly injured that she died last evening. Over a dozen houses were blown down. In the vicinity of Cedar Grove, Ill., the wind assumed the proportions of a small cyclone. At Sheffield, Ill., the rain caused the roofs over the entrance of many mines to cave in, closing the mines and stopping work temporarily.

Paralyzed by a Lightning Flash.
SEBASTON, Pa., May 7.—A heavy thunder and lightning storm swept over the Lackawanna valley yesterday afternoon and did much damage. A number of houses in the north end of this city were unroofed, while numerous trees were felled by the fury of the storm. Andrew Benne, of the south side took refuge from the storm in a barn near his home. Lightning struck the barn and reduced it to kindling wood. A dog that was curled up on the ground at Benne's side was struck by the lightning and Benne's left arm and leg were paralyzed.

Railroad Shops Demolished.
HUNTINGTON, W. Va., May 7.—A terrible hurricane and thunder storm passed over this section last evening, doing considerable damage. At Central City, two miles west of here, the River Railroad shops and round house were completely demolished, with a loss of \$20,000. If Durham, the superintendent, was buried beneath the debris, but was extricated and will probably recover. Other employees received slight injuries. Many other buildings in town were demolished.

Struck by Lightning.
ALTONA, Pa., May 7.—During a heavy thunder and lightning storm the house of William Leber, at Altona, was struck by lightning, the bolt tearing through floors and ceilings and badly injuring the structure. A down pour of rain quenched the flames. Mr. Leber was standing at the front door at the time, and the bolt struck him on the left leg, severely stunning him. He is slowly recovering.

A Baptist Church Wrecked.
MONTICELLO, Ill., May 7.—Saturday evening the most destructive rain, hail and wind storm visited this city that has ever been known here. The First Baptist church is a total wreck, the furniture and fine pipe organ being completely destroyed. Trees were blown down and much other damage done.

The Storm at Baltimore.
BALTIMORE, May 7.—This city was visited last evening with one of the severest electrical storms known in several years. In two hours the rainfall was half an inch and the velocity of the wind reached twenty-five miles an hour.

Kidney Difficulty and Indigestion.
Mr. Vedder Yates, of Randall, N. Y., writing to C. I. Hood & Co., Lowell, Mass., makes this statement: "My wife had suffered some years with kidney difficulty, when she began the use of Hood's Sarsaparilla. After a short time she began to experience considerable relief and is now quite well. She has also suffered from indigestion, but is better now."

Hood's Pills are the best after dinner pills.
Worth Knowing.
Many thousand people have found a friend in Bason's Celery King. If you have never used this great specific for the prevailing maladies of the age, Dyspepsia, Liver Complaint, Rheumatism, Constipation, Nervous Exhaustion, Nervous Prostration, Sleeplessness and all diseases arising from derangement of the stomach, liver and kidneys, we would be pleased to give you a package of this great nerve tonic free of charge. J. J. Chambers, West Main Street.

THE WEEK IN CONGRESS.

Changes in the Tariff Bill Said to be Numerous

WASHINGTON, May 7.—The week will in all probability witness some interesting developments in the tariff bill. The committee arranged in Friday will end tomorrow, if not continued by agreement, and the debate will be resumed if the compromise shall prove to have progressed so far as to admit of the introduction of the amendments proposed.

No definite idea of the amendments could be conveyed without giving all the amendments, and they will not be given to the press until presented in the senate. There will be few startling changes, but a great many of them. Indeed it is known that the amendments when incorporated in the bill will show as many if not more alterations than were made in the house by the finance committee, when reported to the senate.

It may be said without prejudice that the report which made it fully justify the amendment made by the Republicans as to the tariff of the door of the senate. The amendments will be found most numerous in the chemical, iron and steel, agricultural and sugar schedules, but they will affect the entire bill, including wool, cotton, sugar, and many other articles. In almost every instance where there have been changes, they have been made in the direction of a reduction of duty, and there has been a whole-hearted effort to secure a tariff which will show an interest in transformation if reports be correct.

The week in the senate promises to give opportunity for another effort to admit New Mexico to statehood, for a sharp contest over purchasing a new site for the government printing office, and then for a consideration of the remaining appropriation bills. It is expected that the naval appropriation bill will be reached on Wednesday. There is a chance that an estimated controversy may arise over recent naval armor plate frauds.

GENERAL KELLY'S NAVY

The San Francisco Industrialists Doubly Engaged in Boat Building.

DES MOINES, Ia., May 7.—The eighth day of Kelly's stay in Des Moines saw preparations for their final leave taking under good way. Yesterday lumber began to be delivered at a point below the confluence of the Des Moines and Raccoon rivers. At 10 o'clock 300 men, mostly mechanics of more or less experience, picked out of the army, left the camp, under the leadership of General Kelly, marched three abreast to the place where the lumber had been delivered and began the work of building flat boats. On the way they sang "Marching Through Georgia," and while crossing the river struck up "There's One More River to Cross."

They set to work with great eagerness, and before noon at least twenty-five boats were in process of building, and about fifty are now nearly completed. At 5 o'clock in the afternoon the first boat was completed, pitched and was launched. Three cheers were given for the first evidence of the Kelly navy. Kelly and the two women who joined the army at Omaha got into the boat, with four of his men as column and amid great cheering began the journey down the river to test its ability to float the navy. The trial trip was pronounced every way successful. At 6 o'clock the men dropped their tools and marched back to camp. Today most of the boats will be finished but it is very doubtful whether the army will set sail before Wednesday morning. Meanwhile a committee is going ahead calling on the farmers and the people of Iowa near the river to meet them as they float down and supply them with food.

Indiana Demand Tribute

ARKANSAS CITY, Kan., May 7.—Indians on the Otoe reservation, located thirty-five miles south of this place are leaving travelers who are compelled to pass through that reservation. They have closed up all the byroads and erected toll bridges on the main roads and obstructed roads over creeks and rivers so that every person passing through must pay the Indians toll at several points. The settlers have appealed to the government, but find that they must submit to the extortion or go around the reservation, which would necessitate the covering of fifty miles extra territory.

La Grippe.

During the prevalence of the Grippe in past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of La Grippe, but in all diseases of Throat, Chest and Lungs, and has cured cases of Asthma, and Hay Fever of long standing. Try it and be convinced. It won't disappoint. Free Trial Bottles at McMonagle & Rogers' drug store.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It is distributed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhea, regulates the stomach and bowels, cures Wind Colic, softens the gums and reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is the best and the most reliable of all the best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

Ready mixed paints, best quality, \$1.25 per gallon. At McMonagle & Rogers' drug store.

A WATER CYCLE

The Remarkable Craft in Which William Oldham Will Cross the Ocean

NOTTINGHAM, May 7.—During the present month an attempt will be made by William Oldham, a resident of Nottingham, to cross the Atlantic on a water cycle. Oldham is 41 years of age, and a member of the army reserve. His craft, which is named Marion, is of remarkable construction and is the smallest boat that it was ever proposed to use for such an adventurous voyage. It was built entirely by Oldham. Its dimensions are 16 ft 3 in. in length, 3 ft 6 in. beam and 2 ft 6 in. deep with a draught of 20 in. It is constructed of the best iron plates one-eighth of an inch thick, and these are supported by 15 by 15 in. angle iron ribs.

With a view to making the most of its very limited capacity, the little vessel's bottom is flat, with a wooden floor over the iron. In it is constructed a small cabin running along each side of the deck. It is 10 ft long and two feet broad. It has seven windows, two in front, one behind each side of the main cabin, and one at the back. All these windows can be opened and are water tight when closed. They are glazed with quarter inch glass in pieces 4 1/2 inches long and three inches deep. At the top of the miniature cabin is a water tight hatchway sixteen inches square. The boat is provided with a brass screw worked from inside by the lands and feet in a similar manner to a bicycle. This mechanism is for use when the weather is too bad to permit the use of sails or when the boat may be becalmed. It is also intended as a form of exercise for the occupant. The mast and boom are constructed of iron pipes, with steel wire ropes, and there is of course a small steering wheel.

Nothing in the boat is movable, everything being made fast or concealed in boxes, and not a particle of wood is used in the frame-work of the craft. When ready for sea the boat will weigh about 500 pounds. In this extraordinary craft Mr. Oldham will leave Nottingham towards the end of May and after putting in at a few English seaside resorts will start direct for New York.

An Italian Desperado Recaptured.

WILKESBARRE, Pa., May 7.—Angelo Matz, the Italian outlaw, who escaped from the sheriff at Hazleton, three weeks ago, while on the way to the penitentiary, was recaptured yesterday at Luzerne borough, by a sheriff's posse. He was captured while playing cards in the garret of the house of one of his countrymen, and did not get a chance to use his pistol. When he escaped at Hazleton he and a companion held an armed posse at bay all afternoon, and finally escaped to the mountains. He will now be taken to the Eastern penitentiary to serve a five year sentence for shooting and wounding a citizen of Hazleton. His two brothers, who were convicted at the same time he was, are in the penitentiary.

The Minority Were Heretics.

SPRINGFIELD, Mo., May 7.—The Revs. Higginbotham and Boltz of the Baptist church at Bolivar, preached that man was born pure and sinless. A majority of the congregation pronounced them heretics and expelled them. Both sides held on to the church property and the majority brought a motion for a restraining order to keep the heretics from using the church. The minority went into court to prove that they were not heretics, but the judge decided that the majority must rule, and that he had no power to go behind the returns.

A Persistent Salsola.

BALTIMORE, May 7.—Thomas Hodgsons, of Delmar, Md., aged 32 made two attempts to end his life Saturday night in the second of which he was successful. He boarded the Maryland Steamship company's steamer Enoch Pratt, saying that he was going to Salisbury and shortly afterward jumped into the dock. He was fished out and brought around by rolling him on a barrel, but when the steamer was several miles from the city he again jumped overboard and was drowned.

Swept by Fire and Cyclone

BERLIN, May 7.—Advises have reached here from Stettin, a town in the government of Volhynia, Russia, showing that nearly the whole village has been destroyed by fire. Five thousand persons camped in the fields about the burning town, each family standing guard over the property they had hastily removed. While this camp was a cyclone broke over the place breaking up the rescued property and sweeping by far the greater portion of it away.

When Bary was with the governor Casanova. When he was a child, he came for Casanova. When he was a child, he came for Casanova. When he was a child, he came for Casanova.

Distressing Kidney and Bladder diseases relieved in six hours by the "THE GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. E. Mills, druggist, Middletown, N. Y.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and cures positively without pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents a box. For sale by McMonagle & Rogers.

A COSMOPOLITAN CITY.

Marked Increase in the Number of "Foreigners" at Atlantic.

THE BEACH FOR A PUBLIC PARK.

Legislation Has Been Secured Which Will Forever Prevent Corporations from Shutting Off the View of the Ocean—Some of the Outraged Visitors.

ATLANTIC CITY, May 7.—A curious turn has been noticed in the composition of the tide of travel which has been favoring this seashore city since with its brightening and enlivening presence of recent days. It is the "new" and "foreign" element which are at present so pouring within the city. In the language of the hotel men the "new" element are "foreigners" standing for every person who does not claim Philadelphia as his place of residence, whether he came from Mexico or Hamburg. It is not applied to any other sense than as a matter of distinction. It may seem a strange declaration and scarcely credible, that the "new" element which three years ago numbered so few as to attract but passing notice, now outnumbered Philadelphia in its resort. It is the fact, and it has held good for three months past. It is but an illustration of the widespread fame of the resort which each year is becoming more and more cosmopolitan in the character of its patrons. Western Pennsylvania, especially Pittsburgh and nearby Maryland, Virginia, Ohio, Kentucky and New York are the states from which the new contingent tides from in strength.

Every patron of the resort is imbued with a certain amount of interest in its welfare, and there is no project which has enlisted their sympathies with more ardor than the city's struggle to place the beach front under municipal control. Legislation has been obtained which empowers common council to create the beach front into a public park, and to assume authority over it either by dedication or condemnation proceedings. It will necessarily consume time to accomplish this public improvement, which will forever make the strand a public property, and will likewise stop the attempts of corporations to build railways, piers and other obstructions to mar its natural beauty and shut out the ocean view from the esplanade.

United States Treasurer D. N. Morgan, who has been coming here for a number of years, is quite vigorous in language in his approval of the plan. Treasurer Morgan has his family located at the Peunhurst, and is usually an over Sunday visitor.

Mrs. Charles J. Bonaparte, whose husband bears such a striking resemblance to Emperor Napoleon, and who is a leader in Baltimore's exclusive social set, is frequently observed on the promenade these pleasant afternoons, and is as much noted for the elegance of her gowns as for her stately figure and graceful carriage. Mrs. Bonaparte is sojourning with her maid at the fashionable Brighton and is here for an indefinite period.

The Monumental city has another prominent source of interest in the person of Judge J. L. Dennis. He is at the Shelburne, and does little else than amuse himself with watching the breakers roll in along the beach from some secluded rock on the promenade.

From the far west is noticed Miss Mary Plum, the bright daughter of the late Senator Plam of Kansas, and to whom there was of late great assistance during his illness. Miss Plum is here for her health. She is a quiet personage, and shows in her conversation a mind of unusual brightness and cultivation. She finds companionship in the company of Mrs. Charles Daniels and Mrs. Daniel Lockwood, whose husbands represent at Washington the thirty second and thirty third congressional districts. They are frequently together in the Casino on the beach.

In the same pleasure resort is to be noticed occasionally the stately form of W. H. Hastings, a brother of General Hastings who it is conceded, will be the next Republican candidate for governor of Pennsylvania. Mr. Hastings has an impressive personality, in which a long flowing white beard plays an important part and resembles in style those for which Mr. Peffer the Kansas senator, is famed. He does not discuss politics, but upon the subject of his brother's candidacy he does not hesitate to say that from what he has heard and observed that up to date he is the most likely candidate to secure the nomination on the Republican side. Mr. Hastings usually makes the Hotel Dennis his headquarters.

Electric Bitters.

This remedy is becoming so well known and so popular as to need a special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove Pimples, Boils, salt rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of headache, Constipation, and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. or \$1.00 per bottle at McMonagle & Rogers Drug store.

Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia really cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. Severe five cents. Sold by J. E. Mills, druggist, Middletown.

NICARAGUA WEAKENS.

Great Britain's Vigorous Action in the Case of Consul Bingham.

NEW ORLEANS, May 7.—Latest advices from Bluefields report that in answer to the demand of British Minister Goslin, Nicaragua has recalled her withdrawal of British Consul Bingham's exequatur. Bingham refused to receive the exequatur unless accompanied by ample apology on the part of Nicaragua and to come to him through the hands of Minister Goslin. In reply Consul Bingham has been called to Managua the capital, and all the boats on the lake, river and the lakes are held at his disposal.

The market for wheat, the American, has not yet been tried, and remained large until Captain Watson requested that he be arrested and tried. The Nicaraguans have taken charge of leased lands at Bluefields belonging to Americans, and say that all leases for over eight years will be canceled as illegal, all improvements amounting to over \$1,000,000 have been placed there by Americans and Nicaraguans.

The American have been frequently told by the Nicaraguans: Your government will do nothing for you we know that; and acting on that assumption they have insulted Consul Bingham. American citizens and the government of the United States. Had the government at Washington acted as promptly as England had done the proper respect would be shown to American interests. American citizens and the country flag abroad.

The action of Nicaragua in cancelling the withdrawal of Consul Bingham's exequatur and his being called to Managua, smelt strongly that England, in not forcing her treaty rights, is obtaining something better from Nicaragua, and as usual England, by her vigorous policy, is getting ahead of the United States.

Death Blow to the Slave Trade.

ZANZIBAR, May 7.—Advices from Mengo, Uganda, have reached here to the effect that the punitive expedition under the command of Colonel Colville, sent against Kabarega, king of Ugyoro, has completely routed the king's forces. In November last Kabarega attacked a chief at Torou, who was a British ally. The chief appealed to the British for aid, and a force of 200 Nubian soldiers was sent to his assistance. This force met the force of Kabarega. It is expected that the success of the expedition will prove a death blow to the slave trade of this region.

Unrest in Honolulu.

SAN FRANCISCO, May 7.—Rear Admiral John Irwin, recently relieved from duty at Honolulu by Admiral Walker, arrived on the Australia, accompanied by Lieutenant Adams and Ensign Parmenter. He is reported as saying the provisional government is in a precarious condition. "The natives are restless, and an outbreak may occur at any time," said the admiral. "All the troops of the provisional government may be wanted at any time." Paul Newman, the ex-queen's adviser, was also a passenger on the ship. He is said to be on his way to Washington.

Kidnapers at St. Joseph, Mo.

ST. JOSEPH, Mo., May 7.—The police are working upon the theory that an organized band of kidnapers are at work in this city. In addition to the mysterious disappearance of W. H. Harrison, a well known traveling man, and two little daughters of Patrick Day, the disappearance of three other small children are now reported. All the children are under the age of 12 years. These mysterious disappearances, the strangest part of which is that they all occurred in broad daylight, have greatly alarmed parents.

Slashed Seven Times at a Wedding.

HAZLETON, Pa., May 7.—A fight occurred in Hazleton last night, at the house of John Bubeck, where festivities attending his marriage were being held. When officers reached Bubeck's house they found Andrew Lanick in the kitchen suffering from seven knife wounds in the head. A thorough search failed to reveal any other victims. Lanick is in a critical condition. The bridegroom and guests were arrested but they all swear they know nothing of the affair.

Franklin's Tax Collector Missing.

FRANKLIN, Pa., May 7.—Last Tuesday Elias Borkland, alderman of the First ward, city tax collector and treasurer for the Odd Fellows, suddenly disappeared from his home in the city and up to this time all trace of him has been lost. His account with the Odd Fellows and with the city treasury are reported all night. He had been reported as having been a severe attack of grip, and his friends believe that he has wandered away while temporarily insane.

The Grip.

An experience with this disease during all its past epidemics, warrants the bold claim that Dr. King's New Discovery will positively cure each and every case if taken in time, and cut short the ordinary course to avoid exposure. Another thing has been proven, that those who have used Dr. King's New Discovery, escape the many troublesomeness after results of this disease. By all means get a bottle. It is guaranteed, and money will be refunded if no good results follow its use. Sold by McMonagle & Rogers.

Poor But Honest

Charles Sullivan is a poor but honest Irish fellow, who, while walking down Washington street, found a wallet containing checks and money to the value of several hundred dollars. Although almost destitute, he returned it to its owners, Messrs. A. P. Ordway & Co., proprietors of Sulphur Bitters, who gave him a liberal reward, and also gave him a bottle of Sulphur Bitters for his mother, who has been a terrible sufferer with rheumatism, and who returned many blessings after being cured by their use. —Weekly World.

THE SOFT COAL FAMINE

Chicago Reports an Alarming Scarcity of the Fuel.

THE CHARGE OF RAILROAD MEN

They Allege That the Strike Is the Result of a Scheme of Ohio and Western Pennsylvania Mine Owners to Unload Excess Prices.

CHICAGO, May 7.—The soft coal famine is beginning to be seriously felt in Chicago and some of the surrounding towns as well. Coal that ten days ago was practically a drug in the market at \$3.75 a ton is eagerly sought for at \$5 a ton, and it is claimed by some dealers that as high as \$8.50 was obtained for small quantities. Some of the Chicago consumers attribute the famine to a scheme of the Ohio and western Pennsylvania mine operators. Assistant General Manager Wood of the Chicago and Alton railroad is of this belief.

"For the last year," he said, "the Ohio operators have been storing coal at the various lake ports. They accumulated 500,000 tons of coal and then caused the starvation point knowing that the men would strike rather than accept the cuts. They also figured out that the Indiana, Illinois and Iowa miners would strike in order to aid their Ohio and Pennsylvania brethren to carry their point against the cut. The Ohio and Pennsylvania operators foresaw this would cause a famine in the soft coal market, and that they would be able to unload their holdings at famine prices."

Several other railway officials made the same statement. One said that over 5,000,000 bushels of bituminous coal lay in barges at the docks of Cairo, and that even a greater quantity was at the St. Louis docks and at Alton. "This coal is now being offered to railways and manufacturing concerns at famine prices," said the official.

It was learned on good authority that the Illinois Central, the Rock Island and the Chicago, Milwaukee and St. Paul roads are desperately pushed for want of coal.

From the offices of various dealers it was learned that the towns in the interior of this state, Iowa and Michigan are seriously short of soft coal. Among the towns mentioned are Elgin, Kankakee, Bloomington, Streator, Galesburg and Decatur.

Missouri Miners to Resume.

ST. LOUIS, May 7.—Heavy consumers of coal in this city who have feared a serious results from a prospective famine in that much needed article are considerably relieved by a telegram received by Assistant General Manager Simpson, of the Consolidated Coal company, stating that both mines, No. 6 and No. 7, at Stanton, Ill., are in full operation again and that the coal strike in that section of Illinois is drawing to a close. The Consolidated Coal company is raising stockades around its mines on the Vandalia line, and all men who wish to work will receive protection. The popular belief is that when the miners employed in the Vandalia line's shaft return to work under protection the other mines adjacent to St. Louis will be enabled to resume, and that all will be in operation before the end of the week.

Coal Supply Nearly Exhausted.

LIVONIA, Ill., May 7.—The miners in the two shafts here are all out from sympathy with the miners elsewhere. The coal supply is almost exhausted, and unless the strike is concluded a famine will ensue, as the Illinois system for feeble minded children, the electric works electric light and water plants have almost exhausted their supply.

Dr. Talmage's Twenty-fifth Anniversary.

BROOKLYN, May 7.—A celebration of the twenty-fifth anniversary of the pastorate of the Rev. Dr. De Witt Talmage was begun at the Brooklyn Tabernacle yesterday. At the morning services Dr. Talmage preached an eloquent sermon, taking for the text of his discourse the words, "One generation cometh and another passeth away." The church was crowded to its utmost capacity. The celebration will continue on Thursday and Friday evenings of this week, when the service will be of an international character.

A Strike Becomes a Lockout.

ASHLAND, Wis., May 7.—The strike of the upper dock men has developed into a lockout. The strikers had concluded to accept the Northern's offer and appointed a representative to so inform the company, but Superintendent Bidwell refused to say any word to recognize the man as an organizer. It is also said the Central company has refused to recognize the strikers' organization but will take back the men after a while.

What Will Do It?

Medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh is proof positive that only one remedy has completely met these conditions, and that is Ely's Cream Balm. This safe and pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. Our druggists keep it.

A Happy Husband.

Dr. J. C. O'Connell—After four months' use of Simon's Liver Regulator my wife is almost entirely relieved of her chronic constipation and bleeding piles. W. D. Leeper, Your druggist, has it in powder or liquid. The powder is to be taken dry or made into a tea.

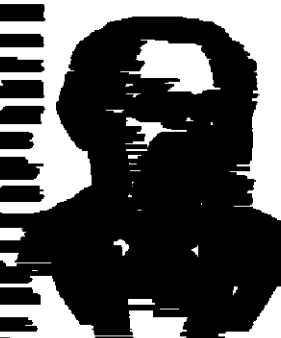

Ready mixed paints, best quality, \$1.25 per gallon. At McMonagle & Rogers' drug store.

Send it Back Peddlers and some unscrupulous grocers will tell you or "the same as Pearlina." IT'S FALSE—and if your grocer sends you something dishonest—*send it back.* 300

The man to whom the success of the school is mostly due is Professor Edmund J. James, who was called to the faculty in 1893. His energy and skill as a teacher and organizer have made possible the realization of Mr. Wharton's idea. Professor Simon N. Patten has given the school a solid reputation in economics, and Professor John Dack McMaster has given it high rank in American history.

Greatest

To Tax Beards.
 Nearly every workman in Italy wears a beard on account of the cost of shaving. Now it is proposed to aid the barbers by putting a tax on beards.

NEW WATER RULES AND RATES.

Approved by the Common Council.
Important Changes—New Regulations.
Rules and Rates—Increased Rates.

The new rules, regulations and rates for the Water Department were duly ratified and confirmed by the Common Council at a meeting held Saturday night. Under the rules, as adopted, only licensed plumbers are authorized to do any work in connection with the water pipes.

It is the intention of the commissioners to have 8,000 copies of the new rules printed for distribution at an early date so that the consumers of water may know what is required. The rules as given below have been changed somewhat from the old rules, but in many instances they are the same. The charge for street sprinkling of 15¢ for the first 100 feet of frontage and two cents per foot for each additional foot carries with it the privilege of both yard and street sprinkling.

In no case will a water pipe be allowed to be laid in the street without a permit or license. Plumbers who are licensed to do any work on water pipes must be licensed to do any work on water pipes. Plumbers who are licensed to do any work on water pipes must be licensed to do any work on water pipes.

All families or companies of premises which are supplied with water through outside extensions (such as garden hydrants, etc.) only, will be charged with outside water for family use.

Plumbing and lawn sprinkling will be issued only when the water is paid for for domestic purposes or other family use.

It is understood that the commissioners will make a change in the rules which have been adopted. The change will be made in the rules which have been adopted. The change will be made in the rules which have been adopted.

Each dwelling occupied by one family of not more than six persons for domestic use only. 10¢. Where the same is occupied by more than one family, additional charges will be made. Where the same is occupied by more than one family, additional charges will be made.

Each store or other house from 10¢ to 15¢. Each office having water supply in the building where water is supplied to offices from a tank in the hall, each office will be charged 10¢.

Water closets or urinals in private houses, if supplied with self-closing valves, for the first 10¢; each additional one 5¢. Water closets or urinals not provided with self-closing valves, each 10¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

Each room in private houses, for the first 10¢; each additional one 5¢. Each room in private houses, for the first 10¢; each additional one 5¢.

RECTOR EVANS' SERMON.

Address Given at the Casino.
Address Given at the Casino.
Address Given at the Casino.

At the Casino, Sunday morning, Rector Evans of the Casino Church, in his address, dealt with the subject of the "Devil's Own Image and Representation." He dealt with the subject of the "Devil's Own Image and Representation." He dealt with the subject of the "Devil's Own Image and Representation."

With regard to this particular lecture he stated that it had been suggested for some other evening instead of on Sunday, and to deliver upon the subject of the "Devil's Own Image and Representation." He dealt with the subject of the "Devil's Own Image and Representation." He dealt with the subject of the "Devil's Own Image and Representation."

THE MONTH OF MAY.

is with us, so is housecleaning time. The place to buy your Carpets, Crockery, Cutlery, Plated Ware, Lamps, etc., at the G. E. Crawford Furniture Co.

Never had such a large stock, never had such a nice stock, never had such an endless variety of new and beautiful goods, yet inexpensive, since we have been in business. Every one surprised at the vastness of our assortment and our extremely low prices. Call and see us.

Goods sold on easy terms, weekly or monthly payments.

G. E. Crawford Furniture Co.
44-46 North Street.

WE THOUGHT.

Our Soda Water Counter large enough, but at times there wasn't enough chair-room and we've again enlarged it. so that those who couldn't find room at it, this week, will have a better chance next time. It is not surprising that our Ice Cream Soda is popular, for it's good, pure Ice Cream—liberal in quantity, served with our pure, home made fruit syrups—and it's only five cents. Why shouldn't it be popular? McManis & Rogers, 30 North St.

OBJECTION TRACING.

One show window contains Absorbent Cotton. That represents our stock of Surgical Appliances, Sick-room Supplies and our Prescription Department. The other window contains the Hair Brush, which represents our general stock of toilet articles, etc. In every department of our business each article is the best obtainable—and whether a prescription or a tooth brush, it's right in price and quality. McManis & Rogers, Druggists.

If you want to be plump and rosy? Take Pashole—endorsed by many customers, sold by McManis & Rogers.

Don't fail to see the latest line of Ladies' Suits Waite in this city. Our stock is much larger and the styles much prettier than ever before. Notice our window display.

G. W. FANCHER & CO.,
2 West Main Street.

WILL.

You think Ice Cream Soda this season? Of course, everybody does. You want natural flavor and genuine cream, don't you? Well, that's the kind we introduced here some years ago, and it's still at it.

Go.
Olney's Pharmacy,
4 East Main Street.
